

Name: _____

Date: _____

MAGNETS

Solve the following problems. Write your answer on the line.

Score: _____ / 20

Grade 6 | Science | Sheet 3

1) A fuse protects against ____.	2) Electric power = voltage x ____	3) SI unit of power is ____.	4) SI unit of energy is ____.
_____	_____	_____	_____
5) Energy = power x ____.	6) kWh is the unit of electrical ____	7) Electromagnet is made using ____	8) Electric motor converts electrical to ____
_____	_____	_____	_____
9) Generator converts mechanical energy to ____	10) Short circuit has ____ resistance	11) Earthing provides safety against ____	12) Dry cell produces ____.
_____	_____	_____	_____
13) AC stands for ____ current.	14) DC stands for ____ current.	15) Resistance of conductors increases with ____	16) Rheostat is a variable ____.
_____	_____	_____	_____
17) Bulb converts electrical energy to light and heat	18) Lightning conductor protects buildings from ____	19) Static electricity involves ____	20) Charged objects attract ____.
_____	_____	_____	_____

Name: _____

Date: _____

ANSWER KEY

Magnets -- Solutions

Grade 6 | Science | Sheet 3

1) A fuse protects against ____. overload/excess current	2) Electric power = voltage x ____. current	3) SI unit of power is ____. Watt	4) SI unit of energy is ____. Joule
5) Energy = power x ____. time	6) kWh is the unit of electrical ____. energy	7) Electromagnet is made using ____. iron core/coil	8) Electric motor converts electrical to ____. mechanical
9) Generator converts mechanical ____. electrical	10) Shockproof wire has ____ resistance. low	11) Earthing provides safety against ____. electric	12) Dry cell produces ____. DC current
13) AC stands for ____ current. alternating	14) DC stands for ____ current. direct	15) Resistance of conductors increases with ____. temperature	16) Rheostat is a variable ____. resistor
17) Bulb converts electrical energy into ____. light	18) Lightning conductor protects buildings from ____. lightning	19) Static electricity involves ____. charge	20) Opposite charged objects attract ____. opposite charges/neutral objects
