## CONGRUENCE OF TRIANGLES

Solve the following problems. Write your answer on the line.

Score: \_\_\_\_\_ / 20

Grade 7 | Mathematics | Sheet 4

|                               |                                 |                                |                                  |
|-------------------------------|---------------------------------|--------------------------------|----------------------------------|
| 1) Sides of Square?<br>_____  | 2) Sides of Octagon?<br>_____   | 3) Sides of Heptagon?<br>_____ | 4) 4 sides = ?<br>_____          |
| 5) 7 sides = ?<br>_____       | 6) Sides of Pentagon?<br>_____  | 7) Sides of Triangle?<br>_____ | 8) Sides of Heptagon?<br>_____   |
| 9) Sides of Hexagon?<br>_____ | 10) Sides of Triangle?<br>_____ | 11) 4 sides = ?<br>_____       | 12) Sides of Square?<br>_____    |
| 13) 7 sides = ?<br>_____      | 14) 5 sides = ?<br>_____        | 15) Sides of Square?<br>_____  | 16) 7 sides = ?<br>_____         |
| 17) 10 sides = ?<br>_____     | 18) 4 sides = ?<br>_____        | 19) 7 sides = ?<br>_____       | 20) Sides of Rectangle?<br>_____ |
