

Name: \_\_\_\_\_

Date: \_\_\_\_\_

## SYMMETRY

Solve the following problems. Write your answer on the line.

Score: \_\_\_\_\_ / 20

Grade 7 | Mathematics | Sheet 2

|                                                     |                                                       |                                                     |                                                     |
|-----------------------------------------------------|-------------------------------------------------------|-----------------------------------------------------|-----------------------------------------------------|
| 1) Lines of symmetry: Regular hexagon?<br>_____     | 2) Lines of symmetry: Circle?<br>_____                | 3) Lines of symmetry: Square?<br>_____              | 4) Lines of symmetry: Square?<br>_____              |
| 5) Lines of symmetry: Pentagon?<br>_____            | 6) Lines of symmetry: Circle?<br>_____                | 7) Lines of symmetry: Scalene triangle?<br>_____    | 8) Lines of symmetry: Pentagon?<br>_____            |
| 9) Lines of symmetry: Regular hexagon?<br>_____     | 10) Lines of symmetry: Circle?<br>_____               | 11) Lines of symmetry: Regular hexagon?<br>_____    | 12) Lines of symmetry: Regular hexagon?<br>_____    |
| 13) Lines of symmetry: Rhombus?<br>_____            | 14) Lines of symmetry: Equilateral triangle?<br>_____ | 15) Lines of symmetry: Pentagon?<br>_____           | 16) Lines of symmetry: Rectangle?<br>_____          |
| 17) Lines of symmetry: Isosceles triangle?<br>_____ | 18) Lines of symmetry: Rectangle?<br>_____            | 19) Lines of symmetry: Isosceles triangle?<br>_____ | 20) Lines of symmetry: Isosceles triangle?<br>_____ |
